OFFICE OF THE COUNTY CLERK AND RECORDER, ROSEBUD COUNTY, MONTANA, Held

The Board of County Commissioners of Rosebud County, Montana, met in Regular session on June 7, 2018 at 10:00 a.m. in the Rosebud County Courthouse Commissioners' Office, with Ed Joiner, Presiding Officer, Robert E. Lee, Member, Douglas D. Martens, Member and Clerk & Recorder, present.

_Presiding Officer

Now is the time set for the Public Hearing for CDBG (Community Development Block Grant) Needs Assessment Construction Grant. Present were all three Commissioners, Augustine Lopez, Ashland Public School Principal, and Jim Atchison of SEMDC (Southeast Montana Development Corporation). Chairman Ed Joiner announced the opening of the Public Hearing and explained the purpose of the hearing. He asked all attendants to sign the attendance sheet. Administrative Secretary read the notice of the hearing as published in the local newspaper. Chairman Joiner orders that the notice be placed in the record and asks if there are any technical reports or comments pertaining to the subject or purpose of the hearing. Secretary stated that we have received no such reports or comments, nor have we received any letters regarding the subject. Chairman Joiner gives the floor to those persons in attendance who wish to comment or ask questions, first to proponents of the issue, then to opponents of the issue.

No opponents present. Proponents were Jim Atchison and Augustine Lopez.

Jim Atchison, Executive Director of SEMDC stated that the Foundation annually reviews community needs, and this year specifically the Ashland Public School. The CEDs mentioned, among other things, the Ashland Public School building is in need of a new roof. With a match, the CDBG project requirements would help and SEMDC is in favor of the County moving forward with an Application to CDBG to meet the needs of the school.

Augustine Lopez, Ashland Public School Principal, stated that the school serves students all the way to Birney and all the way down the river to the Amish community, and even though they are not required to bus students out of a three-mile radius, the school chooses to bus them. The student population is 100% Native American, and the students are not accepted at the Saint Labre School. The school is twenty-plus miles from Lame Deer and is located in a poverty-stricken area. The students who are rejected by other area schools are the students that make up the Ashland Public School. The school provides special education services for students as well as testing that is required by the state of Montana. They provide breakfast and lunch free as all the students who attend qualify for the free meals. There is a deficiency in language skills that affects the students. Because of a drug problem, mainly meth, many students are unable to speak. They have eight kindergarteners who were unable to speak and could not even hold a pencil. They need the OPI, Office of Public Instruction, to teach the necessary language skills to provide a means to get these children out of poverty. The school was vandalized and was provided with hand-me-down computers. That problem needs to be rectified.

The school building is in disarray and they do not have the financial means to keep up with it. The roof needs fixing, as well as other areas of the building which are depleting. Only half of the gym lights turn on. It's been looked at by electricians and needs the ballasts replaced. There was a threat from a student, a possible shooter, so security has been put in place at the front door. There were plumbing needs in the cafeteria where the dishwasher temp was too low. The School Board has temporarily rectified that problem. The school had a boiler go out last year. They originally had three boilers and one was found to be full of asbestos and had to be removed. They are now operating on two boilers, with one being used as a backup. The School Board talked about the high priority items and will plan to do those first.

Chairman Joiner asks if there is anything further.

Jim Atchison states that there is a PAR, Preliminary Architect Report from Stevensons. There are numerous items on the list which need to be repaired or replaced which would fit the CDBG grant. Besides the roof and boilers and other items mentioned, they are in need of a fire alarm system and AC units. The Preliminary Architect Report would be part of the grant.

Chairman Joiner states that the next meeting will be scheduled by Julie Emmons and will likely take place in Ashland. This meeting was closed. There being no further business to come before the Board at this time, they adjourned sine die.
